CSE 327.8 – Software Engineering Project

Sprint Backlog

Repository Link: https://github.com/dead-shot95/CSE327.8-Project

Current Sprint: 20.12.1

User Story 1:

As a user, I want to be able to quickly look at the purpose of the site that's offering so that it's easier for me to understand why I would want to invest on this.

Tasks:

- **Day 1:** Design and code UI/UX, Site Map & Navigation Structure.   (**Story Points:** 7)
- **Day 2:** DB Implementation, mapping with UI and QA testing.   (**Story Points:** 5)

User Story 2:

As a user, I want to be able to have a quick navigation panel on top of the landing page so it's easier for me to navigate through different section of the site.

Tasks:

- **Day 3:** Code work for different navigation panel sections on the UI. (**Story Points:** 3)

User Story 3:

As a user, I want to be able to quickly look at feature lists from the landing page so it's easier for me to understand the different features the site has to offer.

Tasks:

- **Day 4:** Code work Navigation panel: Features on the UI.   (**Story Points:** 3)
